

# Sharing SOLUTIONS & Making CONNECTIONS Matter

April 23-25, 2025

## Welcome to the 78th Olympic Logging Conference!

We look forward to highlighting the importance of innovation through collaboration and how networking between individuals can drive our industry forward.

In a time of rapid change and evolving challenges, it's more important than ever to come together, exchange ideas, and develop creative solutions that can shape the future of the forest products industry.

This conference is designed to be a hub of inspiration, where policy, technology, and best practices converge to fuel progress.

A heartfelt thank you goes out to our generous sponsors.

Your support is the cornerstone of this event, making it possible for us to gather and share in collective wisdom and affordable price.

Additionally, we thank our current and past board members for their dedication to this great conference!

Enjoy the conference!  
Warm regards,  
Joel and Hayley
